This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

IN SENATE OF THE UNITED STATES.

THURSDAY, JUNE 5, 1834.

Resolved, That the Secretary of War report to the Senate a statement showing the names of the several Pensioners who are now or may have been heretofore placed on the pension rolls; designating their rank, annual allowance, the sums which they have severally received, the laws under which their pensions have been granted, *and the State or continental line in which they served*, the date when placed upon the roll, their ages, and the States and Counties in which they severally reside; also, the names of the Pension Agents who have received compensation as such, and the amount of such compensation, and the act under which it was allowed; the names of the clerks who are, and who have been, employed in the Pension Office, and the sums paid them as compensation, with a statement of the aggregate sum paid in each State, and an aggregate statement of the whole sum disbursed on account of pensions. And that he be also directed to report to the Senate the regulations adopted at the War Department relating to the proofs necessary to entitle claimants to the benefit of the act of June 7, 1832.

Attest:

WALTER LOWRIE, *Secretary*.

MONDAY, JUNE 30, 1834.

Resolved, That the Secretary of War be requested to furnish the information heretofore called for by resolution of the 5th instant, in regard to Pensioners, to the Secretary of the Senate, during the vacation, arranging the names of the pensioners by States and Counties; and that, upon receiving them, they be printed by States and Counties, and five numbers of the list for each State be transmitted by the Secretary to each Court of Record in such State.

Resolved, That the whole report, when made, be printed for the use of the Senate.

Attest: WALTER LOWRIE, *Secretary*.

TUESDAY, MARCH 3, 1835.

Resolved, That a list of Pensioners on the rolls in the Treasury Office be printed and distributed as heretofore ordered in regard to those in the War Office, with the addition of the names of the Agents.

Attest;

WALTER LOWRIE, *Secretary*.

WAR DEPARTMENT:
Pension Office, October 12, 1835.

SIR:

The statements under the resolutions of the Senate of the 5th and 30th June, 1834, showing the names of Pensioners in the different States and Territories of the United States, have already been sent to your office. I now enclose a List of Pensioners under the act of May 15, 1828, as required by the resolution of the 3d of March last, and also statements showing the amount paid to Clerks in the Pension Office, the amount paid to Pension Agents, and the total amount paid to Pensioners. My report to the Secretary of War of this date, accompanied by the rules of evidence adopted by this Department under the act of June 7, 1832, which will be sent to you, completes the statements required by the above mentioned resolutions.

I am, very respectfully,
Your obedient servant,

WALTER LOWRIE, ESQ., J. L. EDWARDS.
Secretary of the Senate of the U. S.

WAR DEPARTMENT:
Pension Office, October 31, 1835.

SIR:

In obedience to the instructions of the Secretary of War, given in conformity with the resolution of the Senate of the United States of the 5th of June, 1834, requiring "a statement showing the names of the several Pensioners who are now or may have been heretofore placed on the pension rolls, designating their rank, annual allowance, the sums which they have severally received, the laws under which their pensions have been granted, the State or continental line in which they served, the date when placed upon the roll, their ages, and the States and Counties in which they severally reside, also, the names of the Pension Agents who have received compensation as such, and the amount of such compensation, and the act under which it was allowed, the names of the clerks who are and who have been employed in the Pension Office, and the sums paid them as compensation, with a statement of the aggregate sum paid in each State, and an aggregate statement of the whole sum disbursed on account of pensions; and that he be also directed to report to the Senate the regulations adopted at the War Department relating to the proof necessary to entitle claimants to the benefit of the act of June 7, 1832," I have the honor to inform you that the statements have been made; and, in accordance with the resolution of the Senate of the U. States of the 30th June, 1834, requesting the Secretary of War "to furnish the information heretofore called for by resolution of the 5th instant, in regard to Pensions, to the Secretary of the Senate, during the vacation, arranging the names of the Pensioners by States and Counties; and that, upon receiving them, they be printed by States and Counties, and five numbers of the list for each State be transmitted by the Secretary to each Court of Record in such State," have been transmitted to you, arranged as directed by the last mentioned resolution.

I have also prepared and sent to your office a list of persons who receive stipends under the act of May 15, 1828, in compliance with the resolution of the Senate of the 3d of March last, requiring that "a List of the Pen-

sioners on the rolls in the Treasury Office be printed and distributed, as heretofore ordered in regard to those in the War Office, with the addition of the names of the Agents."

I now enclose a copy of the regulations adopted by this Department "relating to the proof necessary to entitle claimants to the benefit of the act of June 7, 1832."

I am, with great respect, your obedient servant,

J. L. EDWARDS, *Commissioner of Pensions.*

WALTER LOWRIE, ESQ., *Secretary of the Senate.*

J. L. EDWARDS, *Commissioner of Pensions.*

WAR DEPARTMENT:
Pension Office, October 12, 1835.

DEPARTMENT OF WAR:
Pension Office, June 27, 1832.

The following regulations have been adopted by the Secretary of War, for carrying into effect the act of Congress passed June 7, 1832, entitled "An Act supplementary to an 'Act for the relief of the surviving officers and soldiers of the Revolution.'"

This law has been construed to extend as well to the line as to every branch of the Staff of the Army, and to include under the terms "Continental Line," "State Troops," "Militia," and "Volunteers," all persons enlisted, drafted, or who volunteered and who were bound to military service, but not those who were occasionally employed with the army upon civil contracts, such as clerks to commissaries and to store-keepers, &c., teamsters, boatmen, &c.

Four general classes of cases are embraced in this law:

1. The Regular Troops.
2. The State Troops, Militia, and Volunteers.
3. Persons employed in the Naval Service.
4. Indian Spies.

As rolls of the regular troops in the revolutionary war exist in this Department, all persons claiming the benefit of this law as officers, non-commissioned officers, musicians, or privates, will, in the first instance, make application by transmitting the following declaration, which will be made before a Court of Record of the county where such applicant resides. And every court having by law a seal and clerk is considered a Court of Record.

DECLARATION,

In order to obtain the benefit of the act of Congress of the 7th of June, 1832.

State, Territory, or District of }
County of } *ss.*

On this day of personally appeared *(a)* the of the A. B. a resident *(b)* of in the county of and State, Territory or District of aged *(c)* years, who, being first duly sworn, according to law, doth on his oath make the following declaration, in order to obtain the benefit of the provision made by the act of Congress passed June 7, 1832. That he enlisted in the Army of the United States in the year *(d)* , with and served in the *(e)* regiment of the line, under the following named officers:

[Here set forth the names and rank of the Field and Company Officers; the time he left the service; (and if he served under more than one term of enlistment, he must specify the particular period, and rank and names of his officers;) the town or county and state in which he resided when he entered the service; the battles, if any, in which he was engaged, and the country through which he marched.]

He hereby relinquishes every claim *(f)* whatever to a pension or an annuity, except the present, and he declares that his name is not on the Pension Roll of any Agency in any State, or (if any) only on that of the Agency in the State of

Sworn to and subscribed the day and year aforesaid. A. B.

[And then will follow the certificate of the Court.]

And the said Court do hereby declare their opinion *(g)* that the above named applicant was a revolutionary soldier, and served as he states.

I, of the Court of do hereby certify *(h)* that the foregoing contains the original proceedings of the said Court in the matter of the application of for a pension.

In testimony whereof, I have hereunto set my hand and seal of office *(i)* this day of &c.

If, on examination of the proper record, the names of applicants making such declaration cannot be found, they will receive detailed instructions respecting the nature and form of the testimony they must produce to secure their being placed on the Pension Roll, *(vide note j.)* As the presumption will, in such cases, be against the applicants, in consequence of the omission of their names in the muster rolls, they will be required to furnish, as near as may be, the same evidence as has heretofore been required by the regulations and practice adopted for carrying into effect the act of Congress of March 18, 1818, and the acts supplementary thereto; with such relaxations as have been from time to time sanctioned by the Department, on account of the rapid decrease of the survivors of the revolutionary army, and the consequent difficulty of procuring direct positive testimony in every case.

Wherever an officer or non-commissioned officer is now in the receipt of a pension, he should make application, if entitled to the benefits of this act, by letter merely, setting forth his rank, and the regiment, corps, or vessel in which he served, and his present place of residence. His pension certificate must accompany his letter.

In those cases where the applicants have once been on the pension roll under the act of March 18, 1818, and have been dropped therefrom on account of property, or for any other reason, or where application has been made under the act of May 15, 1828, and the evidence of service is in the Departments, or having made application and proof of service, and having been rejected, instead of the above declaration they will make a statement, setting forth, under oath, their having been previously on the pension roll, and their having been struck from the same, showing their rank, the regiment, corps, or vessel in which they served, their present place of residence, and their place of residence when the first application was made, or of their application under the act of 15th May, 1828.

In a case where a claimant may make personal application at this Department, and can produce satisfactory proof of service, and of his identity also, at the seat of government, he may make his declaration before a justice of the peace.

2. The case of the State Troops, Volunteers, and Militia, is different. There are in the Department no rolls of the state troops, except those of Virginia; and no rolls of the militia, except those of New Hampshire.

Applicants who served in the state troops of Virginia, and applicants who served in the militia of New Hampshire, will be required to produce the same proof as is prescribed for those who served upon the Continental Establishment. But, with respect to the other state troops and militia, there is no record to advert to, and no presumption to be rebutted. The nature of the case, therefore, demands a different rule of proceeding.

Every applicant who claims a pension by virtue of service in the State Troops, Volunteers or Militia, except as is above provided, will make and subscribe the following declaration:

DECLARATION,

In order to obtain the benefit of the act of Congress passed June 7, 1832.

State, Territory, or District of } *ss.*
County of

On this day of personally appeared (*a*) in open court, before the Court of now sitting, A. B., a resident (*b*) of in the county of and State, Territory, or District of aged (*c*) years, who, being first duly sworn according to law, doth on his oath make the following declaration, in order to obtain the benefit of the act of Congress passed June 7, 1832:

That he entered the service of the United States under the following named officers, and served as herein stated:

[Here set forth the names and rank of the Field and Company Officers; the day (if possible) and the month and year (*d*) when the claimant entered the service, and the time when he left the same; (and if under more than one engagement, he must specify the particular periods, and the rank and names of his officers;) the town, and county or state, in which he resided when he entered the service; whether he was drafted, was a volunteer or a substitute; the battles, if any, in which he was engaged; the country through which he marched; the continental regiments or companies with which he served; and the names of some of the Regular Officers whom he knew, together with such further particulars (*e*) as may be useful in the investigation of his claim; and also, if the facts be so, that he has no documentary evidence, and that he knows of no person, whose testimony he can procure, who can testify to his service.]

He hereby relinquishes (*f*) every claim whatever to a pension or annuity, except the present, and declares that his name is not on the Pension Roll of the Agency of any State, or (if any) only on that of the Agency of the State of

Sworn to and subscribed the day and year aforesaid. C. D.

And then will be annexed the following certificate:

We, A. B., a clergyman, residing in the and C. D. residing in (the same), hereby certify, that we are well acquainted with , who has subscribed and sworn to the above declaration; that we believe him to be years of age; that he is reputed and believed, in the neighborhood where he resides, to have been a soldier of the revolution, and that we concur in that opinion.

Sworn and subscribed the day and year aforesaid.

[And then will follow the certificate of the Court.]

And the said Court do hereby declare their opinion, (*g*) after the investigation of the matter, and after putting the interrogatories prescribed by the War Department, that the above named applicant was a revolutionary soldier, and served as he states. And the Court further certifies, that it appears to them that A. B. who has signed the preceding certificate, is a clergyman, resident in the and that C. D., who has also signed the same, is a resident in the and is a credible person, and that their statement is entitled to credit.

I, Clerk *(h)* of the Court of do hereby certify, that the foregoing contains the original proceedings of the said court, in the matter of the application of for a pension.

In testimony whereof, I have hereunto set my hand and seal (*i*) of office, this day of &c.

The form of the proceedings and of the certificates will be so varied, as to meet the case, when the declaration is made out of Court, before a Judge, as heretofore provided for.

Every applicant will produce the best proof in his power. This is the original discharge or commission; but if neither of these can be obtained, the party will so state under oath, and will then procure, if possible, the testimony of at least one credible witness, stating in detail his personal knowledge of the services of the applicant, and such circumstances connected therewith, as may have a tendency to throw light upon the transaction.

If such surviving witness cannot be found, the applicant will so state in his declaration, (*l*) and he will also, whether he produce such evidence or not, proceed to relate all the material facts which can be useful in the investigation of his claim, and in the comparison of his narrative with the events of the period of his alleged service, as they are known at the Department. A very full account of the services of each person will be indispensable to a favorable action upon his case. The facts stated will afford one of the principal means of corroborating the declaration of the applicant, if true, or of detecting the imposition, if one be attempted; and unless, therefore, these are amply and clearly set forth, no favorable decision can be expected. All applicants will appear before some Court of Record in the county in which they reside, and there subscribe and be sworn to, one of the declarations above provided, according to the nature of his case.

The Court will propound the following interrogatories (*m*) to all applicants for a pension, on account of service in the Militia, State troops, or Volunteers, except the Militia of New Hampshire and the State troops of Virginia.

1. Where and in what year were you born?
2. Have you any record of your age, and if so, where is it?
3. Where were you living when called into service; where have you lived since the revolutionary war, and where do you now live?
4. How were you called into service; were you drafted, did you volunteer, or were you a substitute? And if a substitute, for whom?
5. State the names of some of the regular officers who were with the troops where you served; such continental and militia regiments as you can recollect, and the general circumstances of your service.

To a Soldier. Did you ever receive a discharge from the service, and if so, by whom was it given, and what has become of it?

To an Officer. Did you ever receive a commission, and if so, by whom was it signed, and what has become of it?

7. State the names of persons to whom you are known in your present

neighborhood, and who can testify as to your character for veracity, and their belief of your services as a soldier of the Revolution.

The Court will see that the answers to these questions are embodied in the declaration, and they are requested to annex their opinions of the truth of the statement of the applicant.

The applicant will further produce in Court, if the same can be done, in the opinion of the Court, without too much expense and inconvenience to him, two respectable persons—one of whom should be the nearest clergyman, if one lives in the immediate vicinity of such applicant, who can testify, from their acquaintance with him, that they believe he is of the age he represents, and that he is reputed and believed in the neighborhood to have been a revolutionary soldier, and that they concur in that opinion. If one of these persons is a clergyman, the Court will so certify, and they will also certify to the character and standing of other persons giving such certificates.

The traditionary evidence of service is deemed very important, (*k*) in the absence of any direct proof, except the declaration of the party. And the Courts are requested to be very particular in the inquiry whether the belief is general, and whether any doubts have ever existed upon the subject. To require from the applicants positive proof of service from a temporary survivor would, after the lapse of so many years, be to deprive many of them of the benefit of the law. And as no presumption is raised against the militia by the existence of rolls in the Department, there is no good reason why this requisition should be extended to them. On the other hand, to receive the declaration of the parties, as a sufficient ground for placing them upon the Pension Roll, without corroborating circumstances, would be to open the Treasury to great frauds. A just medium seems to present the best rule for carrying into effect the objects of Congress.

If the two persons whose certificates are required cannot be produced in Court without too much inconvenience and expense to the applicant, then the statement of the facts and opinions above mentioned will be made under oath before some Judge or Justice of the Peace, and the certificate of the Court to the situation and credibility of the persons making the statement will be given.

Applicants unable to appear in Court, by reason of bodily infirmity, may make the declaration before required, and submit to the examination before a Judge or Justice of a Court of Record of the proper county, and the Judge or Justice will execute the duties, which the Court is herein requested to perform, and will also certify that the applicant cannot, from bodily infirmity, attend the Court.

Whenever any official act is required to be done by a Judge or Justice of a Court of Record, or by a Justice of the Peace, the certificate of the Secretary of State or Territory, or of the proper Clerk of the Court or County, under his seal of office, will be annexed, stating that such person is a Judge or Justice of a Court of Record, or a Justice of the Peace, and that the signature annexed is his genuine signature.

3. Persons serving in the Marine forces.

4. Indian Spies.

Each of these two latter classes of cases will produce proof, as nearly as may be, conformably to the preceding regulations, and authenticated in a

similar manner, with such variations as the different nature of the service may require.

No payments can be made on account of the services of any person, who may have died before the taking effect of the act of June 7, 1832; and in case of death subsequent thereto, and before the declaration herein required is made, the parties interested will transmit such evidence as they can procure, taken and authenticated before a Court of Record, showing the services of the deceased, the period of his death, the opinion of the neighborhood respecting such services, the title of the claimant, and the opinion of the Court upon the whole matter.

---

[a] The declarant must appear in open Court, unless prevented from doing so by reason of bodily infirmity; in which case the declarant will follow the rule laid down for his guidance.

[b] The declarant must make his declaration in the county where he resides. If he should fail to do so, he must assign a sufficient reason for not conforming to the rule.

[c] The age of the claimant must invariably be mentioned.

[d] The declarant must mention the period or periods of the war when he served.

[e] Every continental officer or soldier must give the name of the Colonel under whom he served; otherwise a satisfactory examination of the claim cannot be had. Every claimant must state, with precision, the length of his service, and the different grades in which he served, in language so definite as to enable the Department to determine to what amount of pension he is entitled. In a case where the applicant cannot, by reason of the loss of memory, state precisely how long he served, he should amend his declaration by making an affidavit in the following words:

"Personally appeared before me, the undersigned, a Justice of the Peace, &c., A. B., who, being duly sworn, deposeth and saith, that, by reason of old age, and the consequent loss of memory, he cannot swear positively as to the precise length of his service; but, according to the best of his recollection, he served not less than the periods mentioned below, and in the following grades:—For ——— year ——— months, and ——— days, I served as a ———. For ——— months and ——— days, I served as a ———; and for such service I claim a pension."

It is important, in all cases, to determine with precision the period for which each applicant served, and the particular rank he held, as the law directs the pension to be paid according to the grade of the pensioner and the length of his service. The use of the phrase *about three or four months* is too indefinite, and all such qualifying expressions are objectionable. Some persons who apply for pensions merely state that they served two years in the militia, &c., without specifying the tours, the names of the officers, and other particulars respecting their service. This form of a declaration is highly objectionable. It must, in every case, be clearly shown under what officers the applicant served; the duration of each term of engagement; the particular place or places where the service was performed; that the applicant served with an embodied corps called into service by competent authority; that he was either in the field or in garrison; and for the time during which the service was performed, he was not employed in any civil pursuit.

[f] The law makes the relinquishment indispensable.

[g] The opinion of the Court is always required.

[h] The Clerk must give his certificate in every case.

[i] The Clerk must affix his seal, and if it has no device or inscription by which it can be distinguished from any other seal, or if he has no public seal of office, the certificate of a Member of Congress, proving the official character and signature of the certifying officer, should accompany the papers.

Mode of authenticating papers.

In every instance where the certificate of the certifying officer who authenticates the papers is not written on the same sheet of paper which contains the affidavit, or other papers authenticated, the certificate must be attached thereto by a piece of tape or narrow ribbon, the ends of which must pass under the seal of office of the certifying officer, so as to prevent any paper from being improperly attached to the certificate.

Proof of Service.

[j] In a case where the name of the applicant is not found on the records of the Department, he must prove his service by two credible witnesses, who are required to set forth in their affidavits the time of the claimant's entering the service, and the time and manner of his leaving the same, as well as the regiment, company, and line to which he belonged. The magistrate who may administer the oaths must certify to the credibility of the witnesses, and the official character and signature of the magistrate must be certified by the proper officer, under his seal of office.

☞ The notes from [a] to [i] are all equally applicable to the cases of Militia men, Volunteers, and State Troops. The proof required by rule in note [j] applies to continental troops only, or in militia cases in which muster rolls exist.

[k] This traditionary evidence is indispensable in militia cases.

[l] If a witness cannot be found, the declarant must state the fact.

[m] The answers to the interrogatories must all be written and sent to the War Department, with the declaration.
